

CoDUSTMAS

Cosmic Dust Grains as a Diagnostic for Massive Stars

1st Circular on the

Internal workshop of the Eurogenesis Collaborative Research
Project CoDustMas

Cosmic Dust as a Diagnostic for Massive Stars

“Basics and Prospects of CoDustMas”

Date: 21 – 22 November 2011

Place: VERA Lecture Room, Währinger Straße 17, 1090 Wien, Austria

Dear Colleagues,

It is a pleasure to invite you all for our internal workshop on November 21 – 22, 2011 to Vienna. From the response I received I expect that most of you will be able to participate and we can plan for two interesting days.

We are a very diverse group coming from different scientific fields. Therefore, not all aspects, clear to their own research colleagues, might be evident to other members of our group. The motto of this workshop is to present the various individual projects and research aspects of CoDustMas in an informal atmosphere to the other non-specialist colleagues of our network.

I suggest that each individual project plans for approx. 1.5 - 2 hours and each associated project for 1 hour of presentation and discussion. This corresponds in total to 10 hours presentations and a few hours time for discussion within the two days - which is a tough but manageable plan. The individual talks are flexible in length and the various projects are invited to adjust the timetable of their presentations according to their needs.

As this meeting will be a “CoDustMas intra-workshop” no external funding will be available. We will offer at VERA coffee and tea with some snacks for the breaks. For Monday evening we plan to organize a table for a workshop dinner downtown Vienna. However, the dinner needs to be paid individually by the participants.

I made block reservations at 3 hotels for up to 3 nights from 20. – 22. November. All are located close-by to the VERA facility (within 5 min walking distance), with rates ranging from 59 € to 105 € incl. breakfast. They offer the “University-rates” for our workshop. Please use the password “dust” when booking.

1) Hotel Boltzmann (<http://www.hotelboltzmann.at/en/home.php>)

Single room/night: 80 € (incl. breakfast)

Double room/night: 110 € per room (incl. breakfast)

10 rooms reserved till Oct. 20 (password: “Dust”)

2) Hotel Atlanta (<http://www.hotelatlanta.at/gb/>)

Single room/night: 59 € (incl. breakfast)

Double room/night: 69 € per room (incl. breakfast)

10 rooms reserved till Nov. 1 (password: “Dust”)

3) Hotel Regina

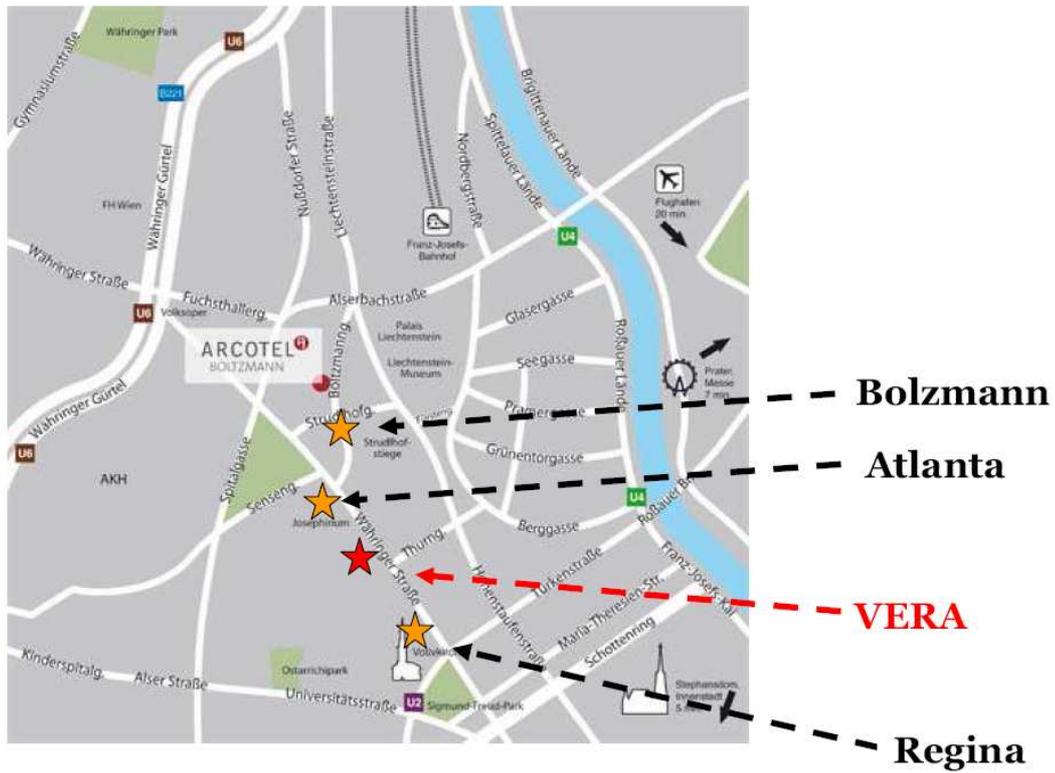

(http://www.kremslehnerhotels.at/init/index.php?option=com_content&task=view&id=166&Itemid=351)

Double room for single use/night: 105 € (incl. breakfast)

Double room/night: 120 € per room (incl. breakfast)

10 rooms reserved till Oct. 20 (password: “Dust”)

There are plenty more hotels in the vicinity of the VERA laboratory. Please arrange your own travel and hotel booking. We are happy to assist and help if you have any questions or concerns.
